Dimock Daily Report

Date: March 20, 2012

FIELD ACTIVITY

Water Supply (Gerald Heston)

- The delivery of water continues.

Water Sampling (Gerald Heston)

- No homes were sampled today. No additional homes have been scheduled at this time.

COMMUNICATIONS (Gerald Heston, Helen DuTeau)

•Visits to seven (7) homes are scheduled for this week to discuss their respective data. This includes five (5) on March 22, 2012, one of which is a follow up from last week, and two (2) on March 23, 2012. The Community Involvement Coordinators (CIC) will participate in these residential appointments to review data results and answer questions. The remaining residents have not yet responded to EPA's offer for a visit. The Site Team continues to finalize other data packages in preparation for roll-out over the next several weeks. A staffing plan is being worked out to support the next round of data results and appointments.

•

•The CIC's continue to receive and respond to numerous email messages from residents in the Dimock area who are questioning the validity of EPA's sampling results. They are also requesting to see the data from the homes EPA tested. The CIC is directing them to the website to view the sampling plan and emphasizing that EPA cannot share names and addresses with the public.

LEGAL ISSUES

- None reported.

Please let us know if you have any questions or need more information.
